JAMAICA CONSTABULARY.

Law 8 of 1867 constitutes an improved Police Force, designated the "Jamaica Constabulary." The new Police is, to a considerable degree, under Military organization, given to it in order to its greater efficiency as a protective force, but it is essentially a Civil Body and those constituting it are bound to discharge the duties which are imposed on Constables, either by the Common or Statute Law. The maximum strength of the Constabulary Force is as follows:—

One Inspector-General.  
 One Deputy Inspector-General.  
 One Staff Officer.  
 Five First Class Inspectors  
 Five Second Class Inspectors.  
 Five Third Class Inspectors.  
 Fifteen Sub-Inspectors.  
 Nineteen Sergeants-Major, including one Dépôt Sergeant-Major, one  
 Detective Sergeant-Major and one Orderly Room Sergeant-Major.  
 Forty-three Sergeants.  
 Ninety-two Corporals.  
 Two hundred First Class Constables.  
 Six hundred and eighty-eight Second Class Constables.

But the Law does not render it obligatory on the Governor to raise the whole Force, or continue it at the full strength.

The pay of Officers is on the following scale:—

Inspector General £800 per annum, (also Inspector General of Prisons), and an allowance of 17s. 6d. per diem when actually travelling on inspection, &c., with forage allowance for one (1) horse at 2s. 3d. per diem.

Deputy Inspector-General £400 per annum, with forage allowance for two horses at 2s. 3d. each per diem, and one servant's allowance at 1s. 6d. per diem.

Each First Class Inspector £300 per annum with forage allowance for two horses at 2s. 3d. each per diem, and one servant's allowance at 1s. 6d. per diem.

Each Second Class Inspector £250 per annum with forage allowance and servant, as in the case of a First Class Inspector.

Each Third Class Inspector £200 per annum with forage allowance and servant as above.

Each Sub-Inspector £130 per annum with forage allowance for one horse and servant as above.

Each Sub-Inspector when acting as an Inspector of a District, receives half the salary of a Third Class Inspector and half that of an Officer of his own grade, making a total of £165 per annum, with forage allowance for two horses at 2s. 3d. each per diem and one servant's allowance at 1s. 6d. per diem.

The Officers of the Force and Sub-Officers of the rank of Sergeant-Major are provided with quarters, or lodging allowance,

The following is the pay of the Sub-Officers and Men:—

European Sergeants-Major £140 per annum.  
 1 Sergeant-Major 7s. per day.  
 1 Sergeant-Major, 6s. per day.  
 Other Sergeants-Major, 5s. 6d. per day.  
 Sergeants, 4s. per day.  
 Corporals, 3s. 6d. per day.  
 First Class Constables, 3s. per day.  
 Second Class Constables—  
     Over 15 years service, 2s. 10d. per day,  
     " 10 " 2s. 8d. per day.  
     " 5 " 2s. 6d. per day.  
     Under 5 " 2s. 4d. per day.  
 Second Class Constables, whilst under training at the Dépôt receive only  
     2s. per day.  
 Water Police Sergeants-Major, 5s. 6d. per day.  
 Water Police Corporals, 3s. 6d. per day.  
 Water Policemen—  
     Over 15 years service, 3s. per day.  
     " 10 " 2s. 10d. per day.  
     " 5 " 2s. 8d. per day.  
     Under 5 " 2s. 6d. per day.  
 Each mounted man whether of the First or Second Class, receives  
     2d. per day additional, and 8d. per day additional to Detectives,  
     and 4d. per day to Probationary Detectives.

No man is admitted into the Force except he produces a certificate from a Magistrate, a Clergyman, or other gentleman of position, testifying to his being of good character for honesty, sobriety, fidelity and activity, and that his companions are reputable and above suspicion.

No person is eligible to be a member of the Force who is not capable of reading, without hesitation, any printed or written document and of writing a fair hand. Candidates must also be of sound constitution, able-bodied, not below twenty years or above twenty-five years of age, and not less than five feet eight inches in height, and thirty-three inches around the chest.

The period of enlistment is five years, the first three months thereof being probationary. At the end of the five years, the Constable, if approved by the Inspector-General is permitted to re-enroll for a further term of five years which entitles him to a pension if he is discharged as physically unfit and unable to earn his living in any other way provided his physical unfitness is not brought on by his own Vice or Intemperance.

Further, a Sub-Officer or a Constable, with over six month's continuous service out of the Dépôt who becomes incapacitated for further service in the Force, by ill-health, not brought on by his own Vice or Intemperance receives a Gratuity of one week's pay of his grade for every 6 months of his service. Law 8 of 1914, however, only allows this in the case of any Sub-Officer or Constable in the Force at the commencement of that Law.

Prior to December, 1883, each Constable re-enlisting after his first five years' service received a penny extra per diem from the Constabulary Reward Fund. The rules granting this allowance have been cancelled from the 1st December, 1883, reserving, however, the rights to those Sub-Officers who were already in receipt of the extra penny per diem.

From the 1st January, 1889, this regulation has been entirely abolished, and a system of Good Conduct Badges (similar to that existing in the Army) introduced. Under the new regulation the holder of a Good Conduct Badge is entitled to a penny a day in addition to his ordinary pay.

No man of a higher rank than a Constable will be qualified for this distinction.

Fourpence per diem is stopped from each man for his subsistence while in Hospital, except his sickness has been brought about by his own indiscretion, in which case one shilling per diem is stopped.

Each Sub-Officer and man receives annually from the Government one suit of uniform and one white jacket and a pair of boots, and is also allowed bed and bedding free, and mounted men receive in addition to the above, 1 pair of riding breeches and a pair of putties.

No Constable is permitted to marry until he has completed four years' service.

I N D E X  
TO THE  
CIVIL ESTABLISHMENT,  
1917-18.

---

Insert the several Establishments of Government, arranged according to the classification in the Estimates, including every individual employed, with all the particulars specified in the several columns of the Return relative to the nature of their Duties, their Emoluments, Length of Service, &c. It is important that the full Christian Names should in every case be given.

Insert on the next leaf an Alphabetical List of all the Officers, and the Page in which their Office is described.

Under "Remarks" should be explained the nature of the duties performed by those Officers the designation of whose Office does not sufficiently explain the functions attached to them.

The names of permanent holders of offices alone are to be inserted in the columns. If an office has been filled during the year, or any portion of it, by an acting officer, the fact may be noted in the space for "Remarks."

In many instances the average attendance appears very low, because the calculation is based upon every Sunday's attendance. Most of the ministers have two or more churches under their charge consequently in the minister's absence services are conducted by lay helpers frequently, and on these Sundays the congregations are usually much smaller than when the minister is present. In some cases the average attendance is approximate only. In addition to the accommodation reported here there is accommodation for over 4,000 persons in out-stations not included in this list.

# EDUCATION, NEWSPAPERS AND REVIEWS, 1917-1918.

---

In Colonies containing a large number of schools it will be sufficient, if no detailed Return of them already exists, to state full particulars of those only which are Government Institutions, giving the total statistics of the others.

The particulars of each school should show whether it is Denominational, and whether fees are charged.

The number of scholars should be given both from the total number on the roll, and from the average attendance during the year.

The totals should indicate the aggregate number of children receiving instruction in the Colony.

Some particulars of the subjects taught in the Higher Schools should be given under the head of Remarks.

## REMARKS ON SQUATTING.

Squatting is not so prevalent on the Government Lands, owing to the more constant and effective supervision they have been receiving during recent years, as well as to the proceedings which are continually being taken for the forfeiture of lands for non-payment of quit rents, and to the facilities now afforded by the Government to small settlers for the purchase of lands on easy terms.

Two cases of Escheat occurred during the year, one of which has been disposed of.
